PROFILE

Motivated and detail-oriented Computer Engineering graduate with a strong foundation in programming, web development, database management, and software development. Skilled in C, C++, Java, Python, HTML, CSS, JavaScript, Django, PHP, MySQL, and Oracle. Passionate about building secure and scalable software solutions while continuously learning emerging technologies. Strong analytical, problem-solving, communication, and teamwork skills with a keen interest in Software Development.

EDUCATION

Diploma in Computer Engineering	2023 – 2026
<i>SSVPS BSD Polytechnic, Dhule (MSBTE)</i>	82.65%
Secondary School Certificate (SSC)	2023
<i>Late W. B. Patil Madhyamik Vidyalaya, Biladi</i>	87.80%

EXPERIENCE

Software Development Intern	May 2025 – Aug 2025
<i>Siddesh Infotech Pvt. Ltd.</i>	Dhule, Maharashtra

- Developed and maintained an Online Examination System using HTML, CSS, JavaScript, Python, Django, and MySQL.
- Designed responsive web pages and integrated database functionality for improved user experience.
- Performed testing, debugging, and bug fixing to improve application performance and reliability.
- Collaborated with the development team to understand the Software Development Life Cycle (SDLC) and industry best practices.
- Gained hands-on experience in web application development and database management.

PROJECTS

SecureVault Secure File Sharing System *Java, Spring Boot, MySQL*

- Developed a secure web-based file sharing application using Java Spring Boot and MySQL.
- Implemented user registration, login authentication, and OTP verification for secure user access.
- Designed encrypted file upload, secure storage, secure file sharing, and protected download functionality.
- Implemented Role-Based Access Control (RBAC) to ensure authorized access to shared resources.
- Built a responsive interface using HTML, CSS, and JavaScript with secure backend integration.

Smart Inventory ERP System for Hardware Retail Store *Python, Django, PostgreSQL*

- Developed a web-based ERP system to automate inventory, billing, customer, and supplier management.
- Implemented real-time inventory tracking, purchase management, sales management, and invoice generation.
- Designed secure authentication with role-based access control for administrators and staff.
- Integrated PostgreSQL database with Django ORM for efficient data management and reporting.
- Developed responsive user interfaces using HTML, CSS, JavaScript, and Bootstrap.

SKILLS

Programming Languages: C, C++, Java, Python, JavaScript

Frameworks: Spring Boot, Django, Bootstrap

Web Technologies: HTML5, CSS3, JavaScript

Database: MySQL, PostgreSQL, Oracle

Tools: Git, GitHub, VS Code, IntelliJ IDEA
